EnerStar searching for former members 1987 - 1988

As a not-for-profit rural electric cooperative, EnerStar is owned by the members who receive electricity from our cooperative. At the end of the year, after all the revenues have been collected and all the expenses are paid, the remaining margins (profits) are allocated to members who received electric service during the year. These are called capital credits. They represent member equity in our cooperative.

The EnerStar Board of Directors reviews the financial health of the cooperative each year to determine if it is financially feasible to authorize a capital credit retirement. During one such review in 2019, the cooperative

issued capital credit checks to current and former members who had electric service for the years 1987 to 1988.

The cooperative is attempting to locate these former members (or possibly their heirs) who received service during that time. The cooperative does not have a valid address on the accounts listed below. If your name or the name of a family member is listed, please contact EnerStar' at 1-800-635-4145 during our normal office hours of Monday through Friday 7:30 a.m. to 4:30 p.m. If a member listed is deceased, we would need the estate executor to contact the office for additional instructions on a special estate retirement.

Board petitions still available

The annual meeting of members is tentatively set for June 24, 2021 and the April 26, 2021 deadline to submit petitions is fast approaching. If you are interested in running for the EnerStar Board of Directors, pick up your petition now!

Prior to receiving a petition, candidates should verify with cooperative personnel that they reside within an open Representative District. Petitions require the signatures of 15 EnerStar active members who live in the candidate's Voting District.

The role of director is a significant commitment – of time, energy and education – more than most members realize. The petition packet provides information regarding the role of a director.

To receive a petition packet or for questions regarding the petition process, contact EnerStar's Kim Stewart at 800-635-4145 or email her at kstewart@enerstar.com.
