Part X, Line 2:

Accounting for uncertain tax positions - In June 2006, the Financial Accounting Standards Board ("FASB") issued "Accounting for Uncertainty in Income Taxes." The generally accepted accounting principles provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements. The accounting principal requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The adoption of this accounting principal does not have a material effect on its financial position, results of operations or cash flows as the Cooperative does not believe they are taking any uncertain tax positions.

Part XII, Line 4b - Other Adjustments:

benefits paid to/for members 636,870.
